WHERE TECHNOLOGY MEETS
DEVELOPERS

ABOUT

"DevCon Hyderabad" is a platform to learn, share, network, collaborate and contribute. This is a place where technologies and developers meet.

Technology keeps changing and evolving - and we are at the cusp of another such shift. Listen to experts in the industry on what are these changes, get a feel of these new technologies and learn how to stay ahead of the curve.

OUR STREAMS

MICROSERVICES

Build small, simple yet robust applications, all by just breaking them up into smaller, maintainable chunks in the language of your choice to build each one of them.

DEVOPS

Bridge the gap between being the developer and the ops person. Learn all the cutting edge tools of the trade and be involved in all the way from writing your first commit to deploy it in the cloud.

AI & ML

The future is machines. Data is a new oil. Learn how to make the very best of ML and build the perfect AI.

MOBILE & WEB

The age of the handheld screen are here and we see less of desktops by the day. Learn to use the tools to crate the perfect cross platform apps.

THE NEXT BIG SHIFT IN TECH IS HERE

Planning to make an app?

Need it to be small, maintainable, intelligent while ensuring it as cutting edge?

Then look no further. This is the place to be.
DEVCON HYDERABAD.

SPEAKERS

Know about these technologies and their implications when used? Share your knowledge, so the world is aware.
